

Insurance Certificate

IVY TECH COMMUNITY COLLEGE

OVERVIEW

The insurance industry is growing in Indiana, making it the perfect time for students take advantage of the insurance track under the College's Business Administration program. This specialized program prepares students to enter or move up in the industry through a quality education.

This program also partners with local employers through mentorships and internships to give students the experience and exposure to the insurance world needed to be successful. Graduates of the program will be prepared for licensing and certifications.

The insurance field is an essential industry that helps individuals, families and businesses protect their assets due to unforeseen and unexpected events. Many of the jobs offer flexible schedules that create a positive work-life balance.
